

## FIESTA ISLAND EMAIL RESPONSES TO ALTERNATIVE 4

### TOTAL ITEM

- 5 Alternative 4 looks good – happy with it
- 1 Thinks Alternate 4 is a good starting point but would like to see:  
\* reduced turf area to only small playgrounds. Feels Regional Park does not need turf.  
\* eliminate extra loop in road @ Stoney Point  
\* dogs should be on leash in natural areas  
\* reduce primitive camp area  
\* minimize use of outdoor lighting  
\* make sure runoff does not cause more beach erosion  
\* supports the interpretive features and well defined trails  
\* reduce parking lots
- 4 Disappointed w/ Alternative 4
- 10 Leave Fiesta Island alone
- 1 “What for, you don’t listen anyway!!!”
- 1 Fewer roads, minimize paved parking areas.
- 1 Suggests unpaved roads and speed bumps similar to Mexico
- 2 Cyclists:  
\* requests careful design of any path/roadway intersection and suggests Class III bike route – use design & signage to educate & enforce shared roadway  
\* wants entire island roadway to remain usable for cycling (keep entire 4 mile loop)
- 2 Outrigger/Dragon Boat committee - happy
- 1 Water ski slalom looks good
- 3 No swimming or wading in Hidden Anchorage where ski boats turn around
- 5 Conflict with dogs swimming in Hidden Anchorage - dangerous
- 1 Problem w/ leash free dogs on all beaches - unsanitary
- 2 Add beach access around current beach access that dogs have now
- 1 Happy w/ dog area proposed
- 4 Increase proposed fenced dog area
- 1 Keep dogs in fenced area (fouls the areas near the water, presents dangers to walkers, bike riders and motorists.
- 3 Keep unleashed dog area the same w/ upgrades (turf, restrooms, ADA compliant entry, drinking fountains for humans and dogs, trash containers, shaded seating, security cameras and emergency phone using solar, nominal lighting for security)
- 3 Add dock in leash free area
- 1 Doesn’t feel questionnaire on the website includes section for dog users input.
- 1 F.I. to have more equestrian areas to share w/ dogs, minimize natural plant & native trails & signs. Leave island free for everyone to roam around.
- 1 Minimize designated areas for organized sports
- 1 Add lighting for safety and security
- 1 Add public toilets and running water
- 1 Worried primitive camp ground will be future home for the homeless
- 1 Disappointed with costs of this project. City shouldn’t incur. Leave F.I. alone. Recommends concentrating on South Shore
