

FIESTA ISLAND

Park Precise Plan

Prepared to meet Park & Recreation Department's Requirements for a General Development Plan

Draft Report May 2007 (Revised Draft August 2007)

Prepared by:

KTU+A
Land Planning + Landscape Architecture

Harmon Nelson Design, Inc.
M-E Engineers
Merkel & Associates, Inc.
Nasland Engineering
Platt/Whitelaw Architects, Inc.
RECON Environmental, Inc.
Simon Wong Engineering
TerraCosta Consulting Group, Inc.

Prepared for:

Park & Recreation Department
City of San Diego

Under the direction of:

Mission Bay
Park Committee

Chapter 1

INTRODUCTION

1.1 Project Purpose 9
1.2 Project Objectives 9
1.3 Project Study Area 10
1.4 Project Site History 10
1.5 Project Planning History 10
1.6 Related Studies 13
1.7 Public Input and Agency Process 16

Chapter 2

ADOPTED MASTER PLAN SUMMARY

2.1 Master Plan Vision Statement 19
2.2 Fiesta Island Specific Objectives 19
2.3 Major Elements of the Adopted Plan 20
2.4 Adopted Land Use Plans 21

Chapter 3

EXISTING CONDITIONS

3.1 Overall Site Features 27
 3.1.1 Site Statistics 27
 3.1.2 Mission Bay Lease Restrictions 27
3.2 Current Activities 27
 3.2.1 Shoreline Uses 28
 3.2.2 Active Recreational Uses 28
 3.2.3 Aquatic Recreational Uses 30
 3.2.4 Nature Observation and Habitats 31
 3.2.5 Interior Island Uses 31
 3.2.6 Special Events 32
 3.2.7 Holiday Weekends 32
 3.2.8 Regulatory Land Use Restrictions 32
 3.2.9 Aquatic Use, Conditions and Regulations 32
3.3 Current Circulation and Traffic 33
 3.3.1 Current Circulation 33
 3.3.2 Inefficiencies of Current Circulation 36
 3.3.3 Current Traffic Volumes 36
 3.3.4 Seasonal and Week Variations 38
 3.3.5 Time of Day Variations 38
 3.3.6 Parking Resources and Utilization 38
 3.3.7 Non-Vehicular Circulation 40
3.5 Current Infrastructure 41
 3.5.1 Potable Water 41
 3.5.2 Reclaimed Water 41
 3.5.3 Electricity 41
 3.5.4 Sewage 41
 3.5.6 Potential Points of Connection 41

3.6 Geologic/Soil Conditions	43
3.6.1 Landform	43
3.6.2 Formation of Fiesta Island	43
3.6.3 Materials Used to Form the Island	43
3.6.4 Characterization of the Surface	43
3.6.5 Characterization of the Subsurface	43
3.6.6 Ability to Support Structures	45
3.6.7 Ability to Support Roadway Features	45
3.6.8 Shoreline Erosion Areas	45
3.6.9 Shoreline Accretion Areas	45
3.6.10 Critical Gradients	45
3.6.11 Sand Grain Size Analysis	45
3.6.12 Tidal Extremes and Effect on Shoreline	46
3.6.13 Wake and Wind Wave Actions and Effect on Shoreline Stability	46
3.7 Existing Biological Resources	48
3.7.1 Vegetation Communities	48
3.7.2 Sensitive Vegetation Communities	50
3.7.3 Sensitive Plants	50
3.7.4 Sensitive Wildlife	53
3.7.5 Near-shore Vegetation	54
3.7.6 Existing Jurisdictional Wetlands	54
3.7.7 USACE Jurisdiction Areas	54
3.7.8 Biological Constraints Composite	56
3.8 Existing Water Quality Issues	58
3.8.1 Runoff from Fiesta Island	58
3.8.2 Fiesta Island Sedimentation	58

Chapter 4

PROGRAM ANALYSIS

4.1 Current Use Levels and Patterns	61
4.1.1 Off-Season Weekday Use	61
4.1.2 Off-Season Weekend Use	61
4.1.3 Peak-Season Weekday Use	61
4.1.4 Peak-Season Weekend Use	61
4.1.5 Peak-Holiday Weekends	61
4.1.6 Special Event Use Levels	61
4.2 Special Permit Uses	64
4.2.1 Over-the-Line	64
4.2.2 Thunderboat Regatta	64
4.2.3 Cycling Events	64
4.2.4 Running/Walking/Jogging Events	64
4.2.5 Rocket Launching	64
4.3 Adjacent Park Use Levels	64
4.4 Mission Bay Parkland Requirements	66
4.5 Existing Uses to be Preserved	66
4.6 Existing Uses needing Expansion	67
4.7 New Uses to be added to the Island	67
4.8 Use to Use Compatibilities	67
4.9 Micro-climate	67

4.10 On-island General Issues	69
4.11 Opportunities & Constraints	69

Chapter 5

RECOMMENDED PLAN

5.1 Overall Vision	73
5.2. Land Use Plan	73
5.2.1 New Regional Parkland	74
5.2.2 New Shoreline Parkland & Aquatic Uses	76
5.2.3 New Beach and Swimming Areas	76
5.2.4 New Natural Parkland & Passive Uses	78
5.2.5 New Primitive Camping	78
5.2.6 Over the Line Activities	81
5.2.7 Nature Observation & Trail Element	81
5.2.8 Shoreline Passive & Social Uses	81
5.2.9 Dog Walking Element	84
5.3 Proposed Circulation Improvements	88
5.3.1 Road & Parking Overview	88
5.3.2 Roadway Cross Sections	90
5.3.3 Multi-use Trail Cross Sections	91
5.3.4 Trail Descriptions	92
5.3.5 Trip Generation Rates	94
5.3.6 Forecast Traffic Volumes	94
5.3.7 Recommended Intersection Improvements	94
5.3.8 Entry / Exit Adjustments	94
5.4 Parking Facilities	96
5.4.1 Informal Parking Facilities	96
5.4.2 Bridge Options	96
5.4.3 Bridge / Causeway Improvements	96
5.4.4 Grade Separated Multi-use Trail Bridges	97
5.4.5. North End Causeway Improvements	101
5.5 Proposed Public Facilities	102
5.5.1 Public Restroom Requirement Analysis	102
5.5.2 Proposed Structures	102
5.5.3 Public Restrooms	102
5.5.4 Aquatic Group Storage Building	105
5.5.5 Ranger Station/Campground office	105
5.5.6 Miscellaneous Structures	105
5.6 Signage and Entry Monumentation	109
5.7 Proposed Plant Communities	113
5.7.1 Overall Landscape Character	113
5.7.2 Turf Parkland (Southern Shores)	116
5.7.3 Salt Marsh	119
5.7.4 Brackish/ Freshwater Marsh (Riparian)	120
5.7.5 Open Water Habitat, Beaches & Mudflats	121
5.7.6 Coastal Scrub	122
5.7.7 Coastal Dunes	124
5.8 Sustainable Design Features	125
5.9 Public Input on Alternative #4	125

- 6.1 Proposed Landforms / Grading.....129**
 - 6.1.1 Overall Grading Concepts 129
 - 6.1.2 Follow-on Geotechnical Investigations 129
 - 6.1.3 Dredging 129
 - 6.1.4 Mass Fill / Mounding 129
 - 6.1.5 Sand Resources 129
 - 6.1.6 Cut / Fill Balance 130
- 6.2 Proposed Drainage Concepts.....130**
 - 6.2.1 Overall Drainage Concepts 130
 - 6.2.2 Wetland Treatment Ponds-Tecolote 130
 - 6.2.3 Wetland Treatment Ponds-On Island 136
 - 6.2.4 Bio-swale Treatment 136
 - 6.2.5 Infiltration Trenches..... 136
 - 6.2.6 Collection-Evapotranspiration Ponds 136
- 6.3 Proposed Infrastructure140**
 - 6.3.1 Potable Water 140
 - 6.3.2 Reclaimed Water 140
 - 6.3.3 Electricity..... 140
 - 6.3.4 Sewage 140
 - 6.3.5 Stormwater..... 140
- 6.4 Probable Costs of Construction.....142**
- 6.5 Recommended Phasing Plan142**
- 6.6 Probable Permit Requirements142**
- 6.7 Probable Environmental Review148**
- 6.8 Limits of Disturbance.....149**
- 6.9 Funding Issues149**
- 6.10 Maintenance Issues149**
